From the Deep Earth invites you to rest into the gentle sounds of the harp, where the mind and spirit find a refreshing spring, a source of tranquility. The music is designed to create an interior spaciousness that facilitates rest, meditation and peace. Just as we find stillness, beauty and healing in the natural world, this music allows us to enter an inner state of quiet contemplation, a portal of healing sound to calm and soothe the mind, body & spirit.

Loom of Love is a musical tapestry woven with harps and voices to refresh the spirit. The recording was produced and underwritten by *Strings of Compassion*, the music-thanatology practice at Sacred Heart Medical Center and Hospice in Eugene, OR as a fundraising opportunity for all music-thanatologists.

The music-thanatologists who created *From the Deep Earth* and *Loom of Love* work with SacredFlight or other hospitals, hospices, and practices throughout the Pacific Northwest. Your purchase of this CD through SacredFlight directly supports our mission serving the physical and spiritual needs of people who are terminally ill and their loved ones.
